Predecessor of BOCSTE ,Ltd.

The predecessor of BOCSTE ,Ltd. was a coterie circle "Norabako"

<http://norabako8.blog93.fc2.com/>

I used to participate in doujin manga exhibitions such as COMITIA with my original manga, but I stopped participating in those events with "COVID-19 pandemic" and started 3DCG and game production instead.

Previous work

"Kakureza Library" (ADV to experience librarianship), a game produced by "Norabako"

<https://kakurezalibrary.web.fc2.com/index.html>
was published by BOCSTE ,Ltd. as of March 1, 2024.

The impetus for the founding of BOCSTE ,Ltd. was the porting of “Kakureza Library” to smartphones,

The reason for founding BOCSTE ,Ltd. was that we did not want to have the creator's real name displayed next to the game application when we ported “Kakureza Library” to smartphones.

As of June 2024, the game application has not yet been ported.

New work

Our New Vertical Scrolling Bullet SHMUP "AdSHOOT"

<https://bocste.com/AdSHOOT/index-en.html>

is an indie game produced almost entirely by an individual,

We outsourced the voice production and translation to Chinese to another company.

We are available for interviews by phone, web conference (Zoom, etc.), in person, email, and chat.

We are available for face-to-face meetings in Hakodate City (where our representative resides), Sotogahama Mimaya in Aomori Prefecture (at our head office), and in Aomori City,Aomori City, Aomori Prefecture.

However, we do not allow face time in articles. Even from the neck down, publication is not allowed.

We apologize for any inconvenience this may cause.

Company Name

"BOCSTE" is a coined word from "BOX STABLE", which is a combination of "BOX" of

Hakodate and "STABLE" of Mimaya, where our company is based.

Place Name

Minmaya...hometown of our representative .

Mimaya used to be a village, but it became a part of Sotogahama Town after the merger.

Tatpizaki, sung about in the song "Tsugaru Kaikyo Fuyugeshiki" (Winter View of the Tsugaru Straits), and the "Stairway National Highway," Route 339, are also located here.

Hakodate: Representative Residence

Hakodate is famous for its night view, Goryo-kaku and Hijikata Toshizo.

Hakodate has been the setting for various manga, anime, and movies.

Conveniently located tourist attractions are all within a compact area accessible by tram.

Many foreigners visit Japan. The current mayor is the brother of actor Yo Oizumi.

Between Mimaya and Hakodate

The Shinkansen train ride takes less than 50 minutes.

The representative is usually in Hakodate and occasionally visits Mimaya.

Mail can be sent to the business office in Mimaya and will be received by the landlord of the office building.

If the representative returned to Mimaya or moved the office to Hakodate, the complication would be eliminated.

For various reasons, this is the current situation.
